

Comfortable, stylish and supportive, the Tampa sofa range is the ideal solution in any living room space. Using quality foam and fibre fillings, the seat and back cushions on all of the Tampa sofas and armchairs provide ample support and the high back cushion style ensures your neck and head are also well supported. A heavy gauge serpentine spring system in the seating bases of the Tampa sofas and armchairs helps to distribute weight and enhance uniform seating comfort. The seat cushions are filled with polyurethane foam for support and comfort while the fibre filled back cushions are supported with elastic webbing.
